## Important Health Warning About Playing Video Games

### Photosensitive Seizures

A very small percentage of people may experience a seizure when exposed to certain visual images, including flashing lights or patterns that may appear in video games. Even people who have no history of seizures or epilepsy may have an undiagnosed condition that can cause these “photosensitive epileptic seizures” while watching video games.

These seizures may have a variety of symptoms, including lightheadedness, altered vision, eye or face twitching, jerking or shaking of arms or legs, disorientation, confusion, or momentary loss of awareness. Seizures may also cause loss of consciousness or convulsions that can lead to injury from falling down or striking nearby objects.

Immediately stop playing and consult a doctor if you experience any of these symptoms. Parents should watch for or ask their children about the above symptoms—children and teenagers are more likely than adults to experience these seizures. The risk of photosensitive epileptic seizures may be reduced by taking the following precautions:

- Sit farther from the television screen.
- Use a smaller television screen.
- Play in a well-lit room.
- Do not play when you are drowsy or fatigued.

If you or any of your relatives have a history of seizures or epilepsy, consult a doctor before playing.

# PLAYING THE GAME

Get ready for a Simpsons video game adventure like no other! When the Simpsons find out they live inside a video game, they'll need all their skills to discover the evil genius who stuck them there! They'll even need special power-up video game skills to complete their existential quest!

**Note:** You can control how much chatter you hear from characters in the game. From the main menu or Pause menu, select **OPTIONS** and then **AUDIO**, then move the Verbosity slider left to hear less player chatter or right to hear more.

## GAME SCREEN

## Power Meter

Some of the Simpsons' special abilities cost Power. Eliminating enemies fills the Power Meter and each Simpson has something they can collect to fill it. The Simpsons also have special charged-up versions of their attacks. Once you fill the meter past the halfway marker, the charged attack becomes available by pressing and holding **Q**. Release **Q** to fire. Using the power charged-up attack depletes the meter, so dispatch more baddies or collect more of the special item to keep those powerful attacks coming!

- Earn six trophies (they don't all have to be for the same character) to increase the Power Meter capacity for each family member.

**Tip:** Find every collectible in the game to fill the family's meters with infinite Power!

	Power Charged-Up Attack	Effect	Power Fill Item
Homer	Power Burp	More powerful blast	Food
Bart	Power Shot	Stronger shot with radial damage effect	Special ammo*
Lisa	Saxophone Spin	Knocks enemies and does heavy damage	Lotus flowers
Marge	Megaphone Blowback	Powerful megaphone blast	Batteries

\* Bart's special ammo is different in different episodes. From crystals to baseballs to pinecones, Bart will use whatever's handy to take down bad guys.

## NAVIGATING SPRINGFIELD

Why walk when you can take the bus? Springfield has an extensive transportation system to get you where you want to go in a hurry. The bus stops also serve as your interface for changing characters. Just approach a bus stop, press **Y** and either select another location on the Springfield map to visit or choose to play as a new character. You can also access the Springfield Map System from the To-Do List (press **Q**).

- The map (press **Q** then **Y**) can come in really handy in certain episodes, for example in Medal of Homer where it shows you the location of all the white flags.

## COLLECTIBLES

### Family Member Collectibles

Each Simpson family member has certain things only they collect. For Marge, it's Try-n-Save coupons. For Homer, it's Duff bottle caps. Lisa collects Malibu Stacy seals, while Bart gathers Krusty the Clown coupons. If a family member finds all of his or her collectibles in an episode, you get a trophy. Each six trophies earned increases the family's Power Meters.

### Clichés

Ah, video game clichés. Double-jumps, pressure pads, breakable crates – where would the history of gaming be without them? Comic Book Guy alerts you each time you uncover a new one.

## SAVING AND LOADING

*The Simpsons™ Game* automatically saves your progress to the Xbox 360 Hard Drive or an Xbox 360 Memory Unit every time you pass a checkpoint, gain a collectible or earn an achievement. When you boot up the game you can either load a previously saved game or select an empty save slot to start a new game profile.

When you load your game later, you must re-start at the last checkpoint, but you keep all collectibles gathered up to your most recent save point.

## OTHER GAME MODES

### TWO-PLAYER

Call over a friend and take on all the game episodes together in two-player mode. You can only play the episodes as the designated family members. If you try to start Mob Rules as Bart, for instance, the game asks you to switch to Lisa or Marge.

**Note:** Two-player gameplay is only available in game episodes and some Time Challenges. It is not available in the Land of Chocolate tutorial episode, the Springfield hub or certain Time Challenges.

### TIME CHALLENGES

Time Challenges are exciting mini-games you can tackle on your own or with a friend. After you complete an episode, you can choose REPLAY EPISODE from the main menu and then choose that episode's Time Challenge. Finish the Land of Chocolate episode, for example, to unlock a Time Challenge in which you must destroy all the evil chocolate bunnies before time runs out.

When you beat a Time Challenge, your time posts to the leaderboards the next time you access them online.
